## Sidekick 2 Promotion

This is a great opportunity for those who own a first-generation Sidekick to add a Sidekick 2 to their toolkit, and get the best Wi-Fi measurement device on the market at the best price.

## Measure License Promotion

Ekahau Measure licenses can help broaden your ability to collect data efficiently and cost-effectively — and this promo offers Measure licenses at a great price. A Sidekick 2 is required to use Measure, so this is a good opportunity to stack the Measure and Sidekick 2 promo prices.
